Kansas Documents

We have no space just now in which to record the [illegible] recently published and by which Kansas is placed under martial law — The Lecompton Administration is that the testimony on which he founded the justification for placing Kansas under martial law consists of the declaration of Gov Shannon that he has just returned from the town of Lawrence where 800 men were assembled for the purpose of attacking it and the [illegible] that it was [illegible] Another piece of evidence of a similar character, and equally to the point, will be found in the letter of Mr James Cook to the following effect: We [illegible] the [illegible] by the Free State party, and [illegible] by the Federal Government in California to apply the orders of the Governor of California in putting down the Vigilance Committee Orders were also issued to three or four men of war on the Pacific to concentrate at San Francisco at the earliest possible moment

The Edinburgh Review — July 66 — We can but acknowledge to receipt of this valuable Reprint, and hope after the election to record it again

Gen Whitney, Superintendent of the Springfield Armory, has commenced preparations further than he threatened Men of large families who have worked at the armory for years are turned away for no other reason than that they are Democrats Others are allowed to work if they please with the warning that there will be another clearing out before November There will be a clearing out of that kind of superintendent soon after the 4th of March next

The Victory in Maine.

We copy a few of many notices of the thrilling [illegible] produced in Massachusetts on the reception of the news by telegraph of the glorious victory achieved in this our Pine Tree State

The Boston Chronicle of Thursday morning says

"We have the pleasure to announce to our readers the Waterloo defeat of the enemies of Freedom and Fremont, in the Dirigo State As you read this, the thunderbolt falls in the [illegible] of the black democracy and overwhelms the Union Maine, as doubtless Rhode Island throughout by 15000 majority

The Republican majorities in Congress are probably all elected Never did a routing army suffer a more deserved and thorough defeat The moral effect of a victory like this gives Fremont every free State We shall now add a double share of exertion in the [illegible] to secure a victory in November that will [illegible] the cause of freedom

The Boston Journal also remarks

"We have from Maine a cheering evidence of the firm hold of the Republican cause on the minds of the people The result of the election in all the States has been awaited with much solicitude Old Republicans have had fearful odds to contend against The opposition to us were [illegible] treated The Democracy and [illegible] to [illegible] a desperate stand in that State, and beat back, if they could the [illegible] They cannot hope to carry this State against such odds, and although they may rally their rank and file better than they now do the fact of all will only be to save appearances and cover the rout with more treat We congratulate the friends of Freedom at first hearing of the result of this election Maine has an influence on the country and to that of the other Northern States, and her voice will be heard from the extremes of the Union to the other, cheering and encouraging the friends of Fremont to renewed exertion The issue of this election is an earnest of success in the great conflict which is to come which we cannot but have disappointed and having which we are inspired with fresh hope and confidence All hail then, to the noble example of the Pine Tree State, which with Iowa and Vermont, should do more than all other States to [illegible] the great work for reformation, the government and [illegible] to the friend of freedom and a severe rebuke to [illegible] will sweep this administration and [illegible] other political [illegible] Whatever reason from 150 towns which have [illegible] returns of upwards of eleven thousand votes for Governor, and the town to [illegible] heard from will largely increase the majority Although we have no detail of [illegible] we [illegible] our opponents are [illegible] both the Senate and House are Republican [illegible] Hon Lot M Morrill is re-elected over [illegible] The signs of this election in all portions of the Union are [illegible] and it is [illegible] that the effect of this election will be [illegible]

AMBROTYPES!

Rooms---No. 1 Main Street.

THE subscribers have the pleasure of announcing to the citizens of Bangor and vicinity, that they have recently opened a new and spacious suite of Rooms in the city for making Ambrotypes.

The genuine Ambrotype, (among other things that distinguish it from all other pictures,) is taken upon fine plate glass, upon which is placed a perfect black, the two being united, by an indestructible cement, thus securing it from dust, dampness, or liability to vanish from any source. The picture thus secured is not reversed, as from that unpleasant reflection peculiar to the Daguerreotype, and are the only photographic pictures that do not change.

Those having pictures they wish to preserve, can have them copied by this process.

The public are respectfully invited to examine the pictures at our Rooms.

Entrance next door North of No. 1 Main Street.

N. B. The genuine Ambrotype can be obtained only at our Rooms.

DANCING!

I SHALL open my Hall, in Exchange Block, on WEDNESDAY, Sept. 17th, at 2 o'clock P. M., for Gentlemen and Ladies.

Instruction will be given in 24 lessons, sufficient for the easy execution of modern Dances usually employed for parlor and saloon recreation.

I have in a season of 25 last many of our larger cities, for the purpose of acquiring such information as may be used for the information of my pupils. No material changes have been made in the Dances taught by me last season; some new ones have been added, but of the same quiet character, and gentle, graceful movement, which differs so widely from the vigorous, "chopping" gymnastic exercises of former days.

Pupils will receive instruction in Such Dances as are now in general favor, as Polkas, Redowas, Waltzes, Polka Redowa, Scotch Schottische, Redowa Waltz, Polka Mazourka, Cuba, Varsovienne, Quadrilles, &c., &c. I have an entire new collection of dance music, which I was supposed for and adapted to the above dances, selected by Prof. G. W. Allen, of New York.

Terms { Afternoon Classes, $4,00
Evening Classes, $6,00.

No Charge for an Interview!

Dr. R. RICHARD CLAY,

Demonstrator of Anatomy in the American Medical College, Cincinnati, and formerly editor of the Journal of Health and Medical Rambler—at the earnest solicitation of many of his old friends and patients, will

RETURN TO BANGOR ON

Tuesday, Sept. 9th, 1856,

And can be consulted at Room No. 46, next door to the Ladies' Parlor, Dwinel House, for a few days only, if business requires it, until his departure for the Buckeye State.

DR. CLAY devotes his attention to the diagnosis and treatment of diseases of the respiratory and circulating organs, and the medical and surgical treatment of uterine complaints. His method of operating upon these latter is superior to that of any other man in New England, and his success truly astonishing. Hundreds can testify to the truth of this statement. There is not one physician in twenty who can perform the operation successfully—it is an operation which requires the minutest knowledge of the anatomical structure of the parts, and the utmost dexterity in performing it.

Consumption not Fatal, if Properly Treated.

To the Sick and Afflicted!

DR. & MRS. GREGORIE LAMONT, THE celebrated Physician for diseases of the Throat, Lungs, Heart and all diseases of the Blood, from 378 Broadway, N. Y., late of London, member of the Imperial Medical College, New York, and the first who introduced inhalations for diseases of the Lungs, treat all diseases of the Chest, by the inhalation of Hot Medical Vapors with a success unknown to the physicians of this country, invite the attention of the sick and afflicted, laboring under the various forms of disease, such as Coughs, Bleeding or Tuberculous Lungs, spitting of blood, pain in the chest, sides and back, sore throat, bleeding lungs, chronic catarrh, night sweats, nervous complaints, affection or dropsy of the heart, dyspepsia, liver complaint, chronic diarrhœa and all female complaints such as a prolapsus uteri or falling of the womb, and all uterine complaints, such as cancers, tumors, enlargements, suppression of the menses, excessive menstruation, leucorrhœa or whites, scrofulous infections, spinal deformities, grave, and poisonous inoculations and all diseases of the blood.

Mrs. Dr. Lamont is the only lady gifted with the power of telling diseases at sight, by looking into the eye, without the patient saying a word to her. She can tell them how they are affected in every particular, and prescribe for their immediate relief and permanent cure of their complaints. They can be consulted for a short time, free of charge, at the

HATCH HOUSE, Bangor, Room No. 9,

and those who are not able to call, by sending a card or address, they will call and give advice; and as their stay will be short in this place, immediate attention to this card will be required to ensure success.

Their terms for medicine are very moderate in all cases, and the invalid may depend on finding speedy relief by calling immediately on Dr. and Mrs. Lamont, as their stay will be short in this place.

Please show this to your friends. It might be the means of saving a valuable life.
